Hisana Hamza

ACADEMIC DETAILS			
BCA Computer Application	University of Calicut, Malappuram	**74.83 %**	2025
Kerala Higher Secondary Examination Board (DHSE) (CLASS XII)	Assabah Residential Higher Secondary School	**1070 MARKS**	2022
CBSE (CLASS X)	Darussalam English School	**372 MARKS**	2020

SUBJECTS	
Electives	Theory Of Computation, E-Commerce, System Software, Accountancy, Computer Networks, Mathematics, Computer Organization and Architecture, Principles of Software Engineering, Computer Graphics
Technical Proficiency	C Programming, JavaScript, Data Structures, Shell Scripting, HTML + CSS, DBMS, PHP, Android Studio, Java

WORK EXPERIENCE		
Workmate Infotech Private Limited PHP Developer	Basic knowledge gaining on HTML, CSS, BOOTSTRAP, SQL, JAVASCRIPT, PHP	Jun 2025 - Jun 2025

PROJECTS		
Emotion-Based Music Recommendation System	In recent years, personalized music recommendation systems have become increasingly popular, driven by the growing demand for tailored user experiences. This project aims to develop a comprehensive Emotion-Based Music Recommendation System that leverages three distinct methods to identify user emotions: Multiple Choice Questions (MCQ), Text Input Analysis, and Facial Emotion Recognition. By integrating these diverse approaches, the system seeks to accurately gauge user emotions and provide music recommendations that resonate with their current mood.	Jul 2024 - Feb 2025

CERTIFICATIONS	
Certificate of Achievement EC-Council	Successfully completed the course on Introduction to Dark Web, Anonymity, and Cryptocurrency
Introduction to Software Engineering IBM	An online non-credit course authorized by IBM and offered through Coursera. Explain the principles of software engineering, the Software Development Life Cycle (SDLC), and software development tools, technologies, and stacks. Differentiate between programming language types and apply basic programming constructs such as loops, conditionals, and functions using Python. Summarize key software architecture and design approaches, including common architectural and deployment patterns. Outline the roles, skills, and career paths in software engineering

CONFERENCES AND WORKSHOPS
Generative AI & Prompt Engineering **Organized by: Additional Skill Acquisition Programme (ASAP), Edumet Foundation | Date: Sep 2024**

LANGUAGES
Malayalam, ENG, Arabic
